## The Markets

### Wall Street

[By Lensed Wire to Evening Herald.]

New York, Dec. 17.—The market made little progress in either direction during the morning. Reduced production of steel mills and further cuts in prices afforded a pretext for selling shares of the steel companies. There also professed fear that concentration in the London investment market might react unfavorably here and interfere with attempts to bring out new capital issues. Settlement was bearing, but no heavy selling was attempted, and after the market had renewed strength developed in spots. Trends were irregular.

Reduction of the short interest took all the snap out of the market but prices were well sustained. Central Leather gained 1½ on dividend expectations. Walrus preferred was liquidated on the prospect of a drastic reorganization and dropped to \$8.

The realization in Union Pacific and heinousness of Amphetamine, which lost a joint contributed to a loss fall in prices. Decisions generally were slight. The bears showed some tend to in putting out stock in view of the stability of weak issues.

The market closed easy. Iron and steel trade weekly reviews were not reassuring enough to stop the late downward tendency. Trading and several other leading issues were reflected more freely and slipped below yesterday's close figures.

Chicago Board of Trade.

Chicago, Dec. 17.—Wheat today showed firmness, largely the result of adverse reports concerning harvest returns in Argentina and because of less favorable crop news from Australia. The opening, which varied from shade lower to 30¢ advance, was followed by a moderate rise all around.

"Throw out the life line"—Weak kidneys need help. They're often overworked—they don't get the poison filtered out of the blood.

Will you help them?

Dean's Kidney Pills have brought benefit to thousands of kidney sufferers.

Grateful testimony proves their worth.

Mr. E. E. Hood, eleven miles from Moriarty, N. M., says: "I have heard enough said about Dean's Kidney Pills by one of my relatives to convince me that this remedy is one of great value. Several years ago when I was visiting this person, he told me he had used Dean's Kidney Pills. His trouble was pain in the back and other distressing ailments, caused by the kidneys failing to do their work, as they should. Dean's Kidney Pills helped him so much that I can say they are the kidney medicine."
